Ref: From the Rev.Dvl.Officer,Hospet R.C.3232-48 B dated 5-5-1948.

The Revenue Divisional Officer,Hospet reports to me that the present village chavady at Harpanahalli is in a dilapidated condition and quite unfit for use being irreparable. The old cattle pound adjacent to the chavadi is also in disrepairs. A new cattle pound was already constructed in a different locality and is in good condition. Besides, both the old chavady and pound are in the main bazzar hemmed in both sidesby shops. The Revenue Divisional Officer has therefore proposed that a new chavady should be constructed in a locality fit for camping purposes

The Revenue Divisional Officer, has further reported that the old chavady and pound with the sites may fetch a decent bid amount of Rs.5000/- to 8000/- if sold in public auction and that there are already private offers for Rs. 5000/- and above.

I consider that it is desirable to dispose of the old chavadi and pound in public auction with respective sites and construct a new type design chavady in a different locality suitable for it. The Revenue Divisional Officer has already reported about a suitable place in the village site poramboke for the new chavady. I therefore request that the Board may sanction the sale in public auction of the old chavady and the pound with the sites and the construction of a new chavady in place of the old one. Any estimate will be submitted to the Board for necessary sanction in due course.

Copy of Board's resolution vide 3950/48 dated 1948.

Ref: BLR Collr's letter ref.C.No.3749-45 B.1 dated 22-5-1948.

The Board sanctions the Collectors' proposal to sell the old village chavady and pound with the sites in Harpanahally town in public auction.

2. The Estimate for the construction of the new chavady in Harpanahally town is awaited.

By my reference C. No.8354/48. B.2. from the Collector Bellary
Ref: Board's Res.Rt.3950-48 dated 17-6-1948.

I enclose an estimate (in duplicate) for Rs.2980/- (Two thousand nine hundred and eighty only) for the construction of a new type design chavady in Harapanahalli town. The estimate may be sanctioned at an early date.

By Board's reference C 13507/48-3 dated 29-8-49.

BLR Collr's.letter Rc.No.8354-48.B2 dated 27-7-49.

The Board does not approve the sale of the old chavadi and pound together with the sites for Rs.3253/-. The Collector of Bellary is requested to conduct a resale of the old chavady and the pound with the sites in public auction and should see that the Government get a better price for the chavady and building with the sites.

2. In their memo No. 5340-C-48-4 Rev. dated 14-6-49 the Government have informed that they do not ordinarily sanction more than Rs.2000/- in each case for the construction of new village chavadies. Hence the Collector is requested to examine the possibility of limiting the expenditure in the construction of the new chavady to Rs.2000/- and submit a revised estimate if necessary.

By my reference No. 8354/48-B.2 dated 7-2-50 from the Collector Bellary
Ref: Board's Ref.C.13507-48-3 dated 29-8-49 and 18-1-5

I enclose a revised estimate for Rs.2750/- for the construction of a new type design chavadi in Harpanaha... and recommend that it may be sanctioned for execution during 1950-51 as there is no time for its execution during 1949-50. Owing to the high cost of building materials and labour the amount of the estimate could not be reduced to Rs.2000/-

Submitted to the Government.

2. The Board supports the Collector's proposal and requests that the Government may be pleased to sanction as a special case the estimate for Rs.2750/- for the construction of a new village chavadi at Harpanahalli town in Bellary district for execution during 1950-51.

Please see the Board's reference on pp.1-2 c.f and the estimates and plan at (A).

2. The proposal in this file relates to the construction of a new village chavadi at Harpanahalli town, Harpanahalli Taluk, Bellary district at an estimated cost of Rs.2750 (Rupees two thousand seven hundred and fifty only) during the current year. It has been reported that the existing village chavadi and the old cattle pound which is adjacant to the chavadi are quite unfit for use being in a dilapidated and irreparable condition. The Collr. proposed that the chavadi and the old cattle pound with the sites may be sold in public auction. The Board sanctioned the Collr.'s proposal. But it is seen that Board has not approved the sale effected by the Collector for an amount of Rs.3253/- and has directed him to take steps to resell the building and the sites in public auction and get a better price. The Board is itself competant to issue necessary orders in the matter. A new cattle pound has already been constructed and it is in a good condition. A suitable site for the construction of a new village chavadi has also been found and the proposal at A above has been submitted to the Govt. for orders.

2. The number of the memo 53400/48-4 given at X on p.2 c.f. must presumably be a typographical error for 53510C/48-4. The Govt. do not ordinarily sanction more than Rs.2000/- for the construction of a new village chavadi. But it has been reported that, owing to high cost of labour and materials the

estimated cost could not be reduced to a sum lower than Rs.2750/-. It is also presumed that there is no possibility of getting any contribution from the public towards the construction of the chavadi. Attention is in this connection invited to memo 57293A/P.W.R-3 Fin. dated 12-10-49 in which instructions were issued that, in regard to schemes other than part II schemes during 1950-51, only those which will involve very little recurring expenditure and which are considered to be really and immediately essential for the proper running of the department should be considered. In the circumstances stated it seems desirable that the atten of the Bd. of Rev. may be invited to the Finance memo referred to above as was done in other similar cases a the Board may be requested to state whether the work proposed cannot be postponed to better ~~times~~ times in the light of the instructions contained therein. Subject t orders a draft memo is submitted for approval.
